## IN TANGLED CONDITION

Books Show Small Balance  
Against Treasurer  
Richey.

Auditing Committee Makes Its  
Report to Milroy People's  
Gas Company.

(From a Staff Correspondent.)

Milroy, Ind., July 11th.—The committee which has been going over the books of M. E. Richey, late treasurer of the People's Natural Gas company of this city, made a verbal report at a meeting of the stockholders last night in the office of Edward Fisher, notary public.

The company numbers twenty-one stockholders and a majority of these were in attendance at the meeting last night. The auditing committee, consisting of Thomas Bottorff, trustee of Anderson township, H. B. Wilson, Edward Fisher, Ben L. Smith and J. G. Hammond, who were appointed at a meeting of the stockholders held in Fisher's office about two weeks ago for the purpose, reported that they had examined Mr. Richey's books and had charged him with what money he had received, a sum aggregating about \$7000, and that they had credited him with what checks he had returned. The committee reported that a balance had been found against Richey. The shortage was placed at about \$350. The books were in a badly tangled condition, and as the checks were missing the committee was unable to tell exactly how much Mr. Richey was short. The committee stated that the books had been returned for about \$7000, and that they had credited him with what checks he had returned. The committee reported that a balance had been found against Richey. The shortage was placed at about \$350. The books were in a badly tangled condition, and as the checks were missing the committee was unable to tell exactly how much Mr. Richey was short. The committee stated that the books had been returned for about \$7000, and that they had credited him with what checks he had returned.

The committee is in communication with Mr. Richey and they expect that he will make good on the shortage.

Mr. Richey has a wife and two children. He was formerly a farmer, but after a butcher at Milroy. About two weeks ago he resigned as treasurer of the People's company to accept a position in a meat shop at Indianapolis. He went to that city and Milroy people are of the opinion that he had been arrested at Indianapolis and that this proves to have been a mistake.

The committee which investigated the books received a letter from Mr. Richey stating that he was willing to make good any deficit they found. At the meeting last night this matter was left in the hands of the committee. The men have not decided about it and are waiting for Mr. Richey to come here and explain things.

They believe that he can make good yesterday where part of the shortage went at least, and thus reduce the balance against him. He is expected here the latter part of this week or the first of next. The committee yesterday wrote Mr. Richey the result of the investigation.

Many rumors are afloat concerning Mr. Richey's actions and the Milroy people are involved in some of them. The committee is given them. Relations between Richey and the committee, and in fact the stockholders of the company, are entirely amicable nature. There is no intention to prosecute and the members of the committee feel sure that the shortage will come out all right.

Mr. Richey had been treasurer of the People's company ever since it was organized in 1902. He is a man of all fixed and owns property in Milroy and his wife's name.

Present difficulties are probably due to lack of knowledge of book keeping. The committee is inclined to believe rather than to think that Mr. Richey has been dishonest.

During his term as treasurer, Mr. Richey handled, in all, about \$7000 of the company's money. He is about thirty-five years old, is a son of Mr. and Mrs. William Richey of this city and was born and raised in Milroy. He always stood well here and nothing has ever been said against his character. The attention of the stockholders of the company was first attracted to the condition of the books in August, 1903. Mr. Richey had a good following among the stockholders at that time and the matter simmered along, the stockholders being divided upon the charges made by some of the stockholders. The exact amount of the shortage cannot be told at this time. It may be more or it may be less. There are some very irregular things on the books, the committee says, that must be explained. Mr. Richey did not resign as treasurer at the request of anyone. The books were handed in to be audited before he left.

There seems to have been a screw loose in the management of the company. The treasurer's books were to have been audited twice each year, but only at one time did an auditing committee go over them. It is said that Mr. Richey complained of this way of doing things and he asked that he be assisted in his book-keeping. There were very few, however, in the company that had any knowledge of book-keeping. It seems that there has been considerable dissension among the stockholders over the way the business was conducted.

The stockholders voted at their meeting last night to keep the present matter secret until the exact amount of the shortage can be determined.

The company is in good condition financially. There are now twenty-one stockholders since the company purchased Mr. Richey's share. The stock is worth at least \$300 per share, and some of it has sold for as high as \$400. Members of the company say that they would not take \$500 for their shares. The company has drilled four wells about one mile south of town. Three of these are splendid wells, but the fourth is giving forth some water. The company is probably the best in Milroy. Last winter it burned about 130 fires.

It is understood that Mr. Richey recently placed about \$300 in the bank at Milroy to the company's credit, but this will not cover the shortage. The committee found the books in such a tangled condition that the men were not fully able to untangle them. The committee in its report did not state the number of checks credited to Richey or the number that he was short. It is said that he has been asked repeatedly to deliver up the checks and some have been returned, but some are still missing.

Richey claims that he is not short the amount named by the committee. Milroy people say that he refused to turn over the books in 1903 when the stockholders wanted to investigate them.

## TWO MEN KILLED BY THE TRAINS

Brakeman and Roadmaster on  
Big Four Lose Their  
Lives.

Harry Mowry, of Indianapolis, age thirty-two years, a Big Four brakeman was killed in the yards at Greensburg Sunday night. He had cut his engine from the train to run down to the coal dock, and while waiting for its return, was watching another freight pull out, the noise of which prevented him from hearing his own engine returning. No one saw the accident, and his death was not discovered until his cap was found on the drawbar of the engine. He had been knocked down and his head and right arm were severed from the body. He leaves a widow, who is visiting her parents, Mr. and Mrs. Newton Burke, at Anderson.

B. D. Keller, roadmaster of the Whitewater branch of the Big Four railway, who lives in Cambridge City, was killed just west of Boundary hill, near Brookville, by a freight train, the accident occurring at 12:30 p. m. Monday. He was going west on his tricycle and failed to notice the approaching train. He was an important railway official of the Big Four system.

## THE BIG RUSH COUNTY FAIR

Fair Board Anticipates a  
Big Exhibit—Several  
Good Races.

Competition in Horticultural,  
Agricultural, and Woman's  
Departments For Rush Co.

Things are gradually being brought into shape for the forty-ninth annual exhibition of the Rush County Fair Association to be held at the fair grounds, east of this city August 29th to September 1st.

The heads of all the departments are already getting ready for the fair and by the time the opening day arrives each exhibit will be properly displayed, at least that is the intention of the superintendents and each one will do his utmost to have his department ready for inspection early in the morning of the first day.

Secretary King has not yet had many applications for space, but he hopes to clean up a nice pile of dust from concessions for the association and will let in only those attractions which are first-class and who will bid higher for space than other institutions, which are not so reliable and want the space for almost nothing.

Few entries are being made for the races, but a number of horsemen have signified their intention of making this fair and the purses should attract something pretty nice in the way of fast horse flesh.

The fair is only about seven weeks off and a great deal remains to be done in that time, but as all of the fair officers are working in harmony, it is safe to suppose that the fair this year will transpire according to schedule.

A number of chicken breeders promise to have an excellent display this year. Another feature will be the display of hogs and sheep, which will be larger this year than ever before.

The fair association has engaged as an attraction the famous high diving horses, King and Queen. These horses will be here three days and will give two exhibitions daily. They are very beautiful animals and have made a great hit where exhibited.

The exhibits in the horticultural and agricultural departments and the woman's departments are not open to competition outside of the county. This will give the people of this county a splendid chance to show their ability in producing good exhibits in these departments. The Board of Managers in this department is as follows:

Mrs. Minnie Abercrombie, President.  
Mrs. Homer Powell, Vice-President.  
Miss Leona Hinchman, Secretary.  
Mrs. Claude Cambren, Treasurer.

The Board of Directors of the Agricultural Society have given the control of this department to the above "Board of Managers," and it is hoped that the ladies of Rush county, exclusively, will endeavor to make the "Floral Hall" a success under this management.

The superintendents and officers of the various departments of the association and fair are as follows:

T. J. Hume, President.  
W. O. Frazee, Vice-President.  
W. L. King, Secretary.  
A. B. Hinchman, Treasurer.

Managers—Ed. Atkins, T. J. Thrall, J. P. Archey, J. S. Winslow, Geo. W. Hall, S. D. Kirkpatrick, Homer Powell, Thos. A. Jones, S. C. Kirkpatrick, W. E. Daubenspeck, Elmer Hutchinson, S. M. Poston.

Executive Committee:—T. J. Hume, T. A. Jones, Homer Powell.

Superintendents of the various departments during the fair:

Speed—Homer Powell, Geo. W. Hall.

General Purpose and Coach Horses—T. J. Thrall.

Draft Horses and Mules—H. E. Daubenspeck.

Road Horses and Double Teams—Geo. W. Hall.

Cattle—S. D. Kirkpatrick, S. M. Poston.

Hogs and Sheep—S. C. Kirkpatrick.

Poultry—Elmer Hutchinson.

Mechanical Department—Ed. At-

kins.  
Floral Hall—T. A. Jones.  
Agricultural Hall, James P. Archey, Joseph Winslow.

Water and Gates—Homer Powell, T. A. Jones.  
Police—Ed. Atkins.  
Ring Marshal—W. A. Alexander.  
Stalls—Sidney Hunt.

In the cattle department a special list is made for beef breeds for Rush county only, for the encouragement of breeders. A fine and large exhibit is promised.

The Indianapolis & Cincinnati Traction Co. is under contract to run cars and carry passengers to and from the grounds during the fair. This company and the C. H. & D. railroad will furnish ample means to handle the large crowds with dispatch.

The order of business and the judging of exhibits during the fair are as follows:

Tuesday, August 29th—Commencing at 8 o'clock a. m., making entries and arranging articles for exhibition. No admittance is charged on Tuesday.

Wednesday, August 30th—Table luxuries, ladies' fancy and handiwork and fine art, flowers and shrubbery, poultry, cattle, milk breeds, sweepstakes cattle, milk breeds, jacks, mules and draft horses, 2:50 pace, 2:30 trot.

Thursday, August 31st—Cattle, beef breeds, (open), sweepstakes cattle, beef breeds (open), beef breeds (Rush county). Sweepstakes beef breeds (Rush county), sheep and hogs, sweepstakes on sheep, sweepstakes on hogs, coach and general purpose horses, saddle horses, 2:18 pace, 2:23 trot, three-year-old pace.

Friday, September 1st—Roadsters, light harness horses and double teams, farm implements and vehicles, hard ware and leatherwork, unfinished business, grand parade, three-year-old trot, 2:25 pace, 2:50 trot.

An excellent speed program has been prepared as follows:  
Wednesday—2:50 pace, purse \$300; 2:30 trot, \$300.

Thursday—2:18 pace, purse \$300; 2:23 trot, \$300; three-year-old pace, \$200.

Friday—2:25 pace purse \$300; 2:50 trot, \$300; three-year-old trot, \$200.

The Rush County Association is a member of the American Trotting Association. All races will be mile heats, best three in five, in harness, and five to fill, with three to start. All money shall be divided as follows: First, 50 per cent.; 2d, 25 per cent.; 3d, 15 per cent. and 4th, 10 per cent. The entries in the speed class will be closed at 8 o'clock p. m. on Tuesday, August 29th, 1905.

If the present indications count for anything the fair will be one of the most successful in years. Good music will be furnished each day. The judges for the different departments are being selected and the competition in the different classes promises to be close.

## GOVERNOR HANLY COMMENDED

Greensburg Ministers Endorse  
Governor Hanly's Effort to  
Enforce the Law.

In nearly every pulpit in Greensburg Sunday, words of appreciation of Gov. Hanly's efforts toward the enforcement of the statutes were sounded by the ministers, but no formal action was taken by any of the congregations of the Greensburg churches. The congregation of the Presbyterian church at Kingston went further than this and adopted a formal resolution which was forwarded to Gov. Hanly on Monday. The resolution was as follows:

"We, the people of the Kingston Presbyterian church, assembled as a congregation, wish hereby unanimously to express to you our high appreciation of your efforts to enforce the laws of our State, and to assure you of our cordial support whereby such support is possible."

It is reported that a man, while breaking a colt, drove off a bridge east of this city yesterday evening. After an investigation of the affair we were unable to learn the man's name. No one was injured as far as we were able to learn.

## HERE'S HOW THEY STAND

Number of Votes Cast in the  
Republican's \$300 Piano  
Contest.

More Interest Being Shown in  
the Contest as it Grows.  
Watch Your Chance.

The popularity contest gets more exciting each week as the list grows, first place being crowded this week and prospects are that it will be a close race.

It is never too late to enter the contest nor too late to secure first place by a hustling organization.

Never stop until you are sure your organization will win as all the big votes are left.

Here is how they stood Saturday, July 8th, at noon:

Ivy Temple, No. 10, Rathbone Sisters of Rushville.....153

Little Flatrock Church of Noble township.....135

Big Flatrock Church of Orange township.....38

Martha Poe Chapter, Order Eastern Star of Rushville.....31

Ebenezer Church of Washington township.....21

M. E. Sunday School of Rushville.....19

C. W. B. M. Society, Ben Davis Creek Church.....17

U. P. S. S. Shiloh Church of Center township.....16

Ladies' Musicales of Rushville.....10

Will your organization take first place and keep it? That is for you to say. Special coupons in blocks of 5, 8, 15, 20, 40, and 50 are issued upon paid subscriptions. These are the votes that count up faster and will win out in the end.

Have you done all you can for your organization? If not, help them get the fine \$300 Chase Piano, absolutely free, which is now on exhibition at Geo. C. Wyatt & Co.'s furniture store.

## MUCH TWINE BEING SOLD

Hardware Dealers Report Sales  
Far in Advance of Those of  
Last Year.

Hardware dealers in the county and all who sell binder twine report their sales slightly in advance of last year. Twine sales were but nominal last year, due to the poor wheat crop. Reversed conditions this year have been responsible for the increased sales, and it is probable that the sales this year are almost one third again as large as last.

This county has approximately thirty-eight thousand acres of wheat this year. Two pounds of twine are required to bind an average piece of wheat. An exceptionally good piece will take more than this, but two pounds is considered enough in most cases. According to this there was approximately 76,000 pounds of twine used in this county this year. The kind most commonly used by farmers sells for eleven cents per pound, so about \$8360 will probably have been expended in this county this year for binder twine. This is enough to buy a good farm of at least 80 acres within a radius of five miles of Rushville, and in some places it would buy 120 to 140 acres of good farming land.

Walter Duke and his two farm hands, Frank Mozingo and Ward Brown, plowed 35 acres of corn in one-half day with two double plows and one single plow.

## HAVE LITTLE CHANCE

Indiana Applicants For Govern-  
ment Jobs are Getting the  
Short End.

In a Washington dispatch to the Indianapolis Star, Louis Ludlow says: There is now an unusually large number of Indiana applicants for positions in the government secret service. Among them are two well known officers of the Indianapolis police force.

Senator Beveridge, through his secretary, Thomas R. Shipp, is trying to help these applicants. Mr. Shipp learned on inquiry when here, however, that the appropriation for the current fiscal year which began last Saturday, is insufficient to continue the secret service force at its present size, and that reductions will be necessary. The chances for the Indiana applicants, therefore, are thin.

## THE VENERABLE JOSEPH MOORE

The "Grand Old Man" of Earl-  
ham College Passes  
Away.

Prof. Joseph Moore, 73 years of age, once president of Earlham College, and connected with the Friend's educational institution in some capacity almost continuously for fifty-three years died Sunday afternoon at his home in Richmond after an illness of several months.

Joseph Moore was known as Earlham's "Grand Old Man," and nearly every student at the college during the last half-century, if he remained any length of time, was brought in direct contact with him, and he probably exerted a greater influence over the college life of students than any one professor who has ever held a chair on the Earlham faculty.

Having been confined to his bed for the past two months, death had been expected by the family and friends for some time, and the end came peacefully at 4:45 o'clock Sunday afternoon.

Joseph Moore was born February 29th, 1832, in Washington county, Indiana, and the early part of his life was spent on his father's farm.

His work as a teacher began at the age of 18; he had charge of the three district schools in Washington, Jackson and Bartholomew counties before reaching the age of 21. He entered Friends' Boarding School as a student in the spring of 1853, and was made assistant teacher in the fall of the same year. In 1859 he entered Harvard College in preparation for a professorship in the new Earlham college.

Prof. Moore's great work for Earlham and the educational world is to be found in connection with the museum of the college, where he spent much of his time; but the great results of his years of labor are without doubt to be found in the lives of students and others, who have received from him direction and inspiration.

## RUSHVILLE 4 BLOOMINGTON 2

Locals Bunched Hits on Pitcher  
Boyle and Scored Three  
Runs.

The local team won the first game of the series at Bloomington yesterday, by a score of 4 to 2.

Elmer Dugan, of the Vincennes K. I. T. League team, was in the box for Rushville, and although he was pounded harder, he kept his hits scattered. Rushville bunched hits on Boyle in the fourth inning and scored three runs. Errors by the locals, coupled with a couple of hits gave the Bloomington team two runs in the sixth inning.

Score:  
Rushville.....0 0 0 3 1 0 0 0—4 5 3  
Bloomington.....0 0 0 0 2 0 0 0—2 8 4  
Batteries—Rushville, Dugan and Morgan; Bloomington, Boyle and McFerson.

The young men of the A. B. C. crowd have invited their lady friends to a hay-ride tomorrow evening.

Miss Mary Amos will entertain informally tonight in honor of her guest, Miss Ethel Koffman, of Buffalo.

Miss Orma Innis entertained at dinner last night, Miss Mary Amos and Miss Ethel Koffman, her guest, from Buffalo, Ill.

Miss Leah Carmichael entertained the members of the Kappi Chi club this afternoon at her home on North Main street.

Miss Ruby Amos has issued invitations for an informal evening party on Friday, Miss Ethel Koffman of Buffalo, being the honor guest.

Mrs. Alfred Caldwell was the victim of a pleasant surprise party yesterday evening in honor of her birthday anniversary. Cards and refreshments occupied the evening. The guests were: Mr. and Mrs. John Jones, Mr. and Mrs. Robert Hiner, Mr. and Mrs. Arvel Herkless and Mr. and Mrs. Fred A. Caldwell.

Miss Estelle Jones was the hostess of a small euchre party given at her home on North Morgan street last night in honor of Miss Maud Hacker. Miss Ethel Amos' guest from Columbus. Luncheon was served in three courses. The guests were Misses May Hacker, Nelle Kennedy, Leah Carmichael, Ethel Amos, Luella Amos, and Messrs. Vincent Young, Wilbur Stiers, Ford Retherford, Dr. Will Coleman, Will Amos and Roy Abercrombie.

The opportunity of hearing an organ recital by Prof. Huntington, of Cleveland, Ohio, was given last night at the Main Street Christian church. About one hundred were present. Prof. Huntington is an organist of rare ability, and his selections, various in style, were thoroughly enjoyed. He was assisted in the program by Mrs. D. H. Dean, Rev. T. H. McConnell, tenor soloist, Prof. J. Riley Small, organist, and Carl Morris, baritone soloist.

## BANKER JONES STILL IN JAIL

His Bond Has Been Reduced to  
\$1000.—Habeas Corpus Pro-  
ceedings Thursday.

Oliver O. Jones, of the Arlington banker, is still in jail. His bond was reduced by Judge Sparks to the sum of \$1000 on the grounds that the \$2000 bond fixed by Squire Ball at Arlington was too excessive. Judge Sparks based his decision on Section 61 of the Indiana Constitution.

Habeas Corpus proceedings against Jones and Sheriff Bainbridge have been filed in the circuit court and a hearing was to have been given this afternoon but no transcripts arrived from Squire Ball's court and the matter was postponed until Thursday. A bondsman has been secured for Jones provided that the bond is reduced \$500. Jones was brought out of jail this afternoon and taken into court. He was then taken to a barber-shop for a shave and later returned to jail.

It develops that only \$100 is in controversy in the case against Jones. Addison in his affidavit asserts that he has lost only \$150 through Jones and he practically admits that he has been paid \$200 of the \$300 since the failure of the bank. It seems that Jones is made a tool only in a factional fight between George Offatt, the Hutchinsons and other parties. One man is alleged to have said that he would give \$50 himself to see the bank affairs laid open to the public and it is said that this man is indirectly responsible for Jones' arrest.

Another occasion for comment is the enormity of the bond, \$2000 being required when only \$100 was involved in controversy.

#### THE HAND OF PROVIDENCE

Is Discernible in the Powers Case, Says Ex-Governor Taylor.

Indianapolis, July 11.—Appropos of the decision that Caleb Powers shall be tried in the federal court, former Governor Taylor of Kentucky, who is sojourning here, says the beginning of the end has come. He declared to your correspondent today that the prosecution knows who assassinated Goebel, but it is bent on convicting Powers. He declares that the political hatred behind the prosecution can not be imagined by anyone who has not felt it. He points out, however, that Powers's enemies have come to grief. Three of the star witnesses in the other trials are self-confessed perjurers and have fled the country. Judge Cantrell, who presided over the trials, has been stricken with paralysis and three or four members of the packed juries have died unnatural deaths. Tom Campbell, leading figure in the prosecution, has also died a violent death. Taylor says that Powers is still strong and hopeful and that Providence is standing by him.

The state board of tax commissioners is busy this week with the representatives of the railroad companies. The latter are asking for the customary reduction, but the chances are they will not get it. The property of the railroads, however, is taxed higher as a rule than that of any other corporations doing business in the state, and it is not very likely they will be raised. Governor Hanly is a most attentive listener to the statements of the tax agents and an adroit questioner. He does not inject as much levity into the proceedings as Governor Durbin did, as the latter was generally having a little fun as he went along. Governor Hanly does not overlook anything that is witty, but he is not going out of his way to provide entertainment for the other members of the board and the corporation representatives. John Wingate is the oldest member of the board in point of continuous service. It is the custom of the members to call on the 1st man in to provide a watermelon feast. Governor Hanly is the newest member and he will be properly initiated when Indiana melons are ripe.

Ex-Governor Taylor of Kentucky is highly elated over the outcome of the effort to transfer the Caleb Powers case to the federal court. He says that Powers will never be convicted by an impartial jury, and he does not believe it will be possible to tamper with the federal court. Powers has twice been sentenced to death and once to life imprisonment, yet Taylor says he is hopeful and confident of acquittal. The verdict of Judge Cochran of the eastern Kentucky district of the federal court that he has jurisdiction because Powers was denied a fair trial in the state courts is regarded by Taylor as a wonderful victory, not only for Powers, but for his side of the controversy.

George Hitz, who ran as an independent candidate for mayor two years ago, receiving nearly 6,000 votes, will probably re-enter the race. He said today that owing to the certainty of the action the Democrats will take at their convention and the outcome of the Republican primaries, he believes it is more necessary than ever that there shall be an independent candidate who will stand for law enforcement.

ment, economy to the tax-payers cheap gas, pure water and oppositor to graft. He declared that many of the people who voted for Mayor Holtz man two years ago in hopes of bringing about civic reform are disappointed, and they cannot look to Bookwalter for an improvement in conditions.

**Effort to Save Prisoner.**  
Owensboro, Ky., July 11.—John Clark, a negro, was arrested at Central City, Muhlenberg county, on a charge of attempting to commit criminal assault on the wife of the Rev. William Woodson. News of the attempted assault spread rapidly, and it is said mobs were forming all over the county. The marshal at Central City removed the negro to Greenville, the county seat. Excitement was high there and he was later removed to Madisonville, Hopkins county. Mrs. Woodson is a member of one of the most prominent families in Muhlenberg county. The negro says his home is in New Orleans.

**China Emphasizes Demand.**  
St. Petersburg, July 11.—China in the request which she proffered to Russia and Japan to be represented at the Washington conference practically served notice on them that unless that privilege is accorded her she will refuse to be bound by the treaty so far as it affects Chinese territory. Russia is understood not to be averse to the Chinese proposition, but Japan declined to agree to it.

**Meeting Place Fixed.**  
Washington, July 11.—Assistant Secretary Pearce announces that the plenipotentiaries of Russia and Japan have agreed on Portsmouth, N. H., as the meeting place of the sessions of the peace conference to be held outside of Washington. The sessions will be held in the government navy yards at Portsmouth. In the new building just completed.

**Miners' Escape Cut Off.**  
Dortmund, Prussia, July 11.—A fire has broken out in the Borussia coal mine, caused by the careless handling of a lamp by boys. The lamp exploded, igniting the timbers of the shaft, which burned rapidly. Two hundred and fifty miners escaped through an air shaft, but thirty-nine were cut off and their death is regarded as certain.

**Germans Chortle With Gleo.**  
Berlin, July 11.—The agreement between France and Germany on the subject of Morocco cannot but be regarded here as a diplomatic success of the first importance over both Great Britain and France, although it is expressed in terms of great moderation, the agreement being referred to as "an accord based on a full appreciation and recognition of each government's rights and aims."

#### Held on Suspicion.

Brazil, Ind., July 11.—Jess Sluder, suspected of being implicated in the murder of Roll Cardwell in Coalmont Sunday, was arrested in Hymera and brought to jail here. He denies the shooting. Sluder admits intimacy with Mrs. Cardwell when the two families lived in Hymera, and it is believed that he intended to kill the woman instead of Cardwell.

**Many Bridges Washed Away.**  
Evansville, Ind., July 11.—A terrible rain fell in this end of the state last night. In this city the streets were tied up for two hours and many cellars were flooded. Reports received from nearby points say many bridges are washed away and creeks are swollen. The rainfall in many sections amounted to almost a cloudburst.

## JOY FELT BY JAPS AFTER CHEAP GAS

After Forty Years They Are Again in Possession of Sakhalin.

IT WAS A BAD BARGAIN

When They Let Go of It They Recognized That They Had Not Done Well.

Now That The Might of Their Arms Has Restored it to Them They Are Glad.

Tokio, July 11.—The announcement of the landing of a Japanese force at Sakhalin Island and the occupation of Korasakorsk, followed by the northern flight of the garrison, has been received with great satisfaction by the Japanese. The landing of the army at Sakhalin marks the first entry of the Japanese upon Russian territory proper. The Japanese have expressed themselves pleased to be again in possession of the island, declaring that they have long felt that the bargain under which they relinquished the place forty years ago was unsatisfactory. The Japanese express the belief that they will speedily control the entire island, as they regard the garrison there as being incapable of serious resistance and are confident that it will certainly be captured.

#### WITH LITTLE RESISTANCE

How the Japs Took Possession of the Island of Sakhalin.

Tokio, July 11.—The following report has been received from the Japanese army headquarters on Sakhalin Island: "Our army without much resistance occupied Korasakorsk early on July 8. The enemy burned the town and retired to positions eight miles north, where they resumed resistance. We dislodged them and are now in pursuit. At 11 a. m. on July 8 the enemy had retreated to a point twenty-two miles north of Korasakorsk. We captured two 12-centimeter guns, two 12-pounders and also an amount of ammunition. We suffered no loss."

Admiral Katoka reports under date of July 7 as follows: "My squadron went north and, acting in conformity with a prearranged plan, landed marines on July 7 at a point previously chosen. There was no resistance and a portion of our army had already been landed."

Under date of July 8 Katoka reports: "One of our torpedo boat destroyers reports on the afternoon of July 7 that Korasakorsk was burning. The forts previously shelled by the destroyer were then silent. Our army arrived at Yenguma on the afternoon of the 7th."

Under date of July 9 Admiral Katoka says: "The squadron conveyed the transports through dense fogs on July 5. The fleet preserved good order and reached the point chosen for concentration on the evening of July 7. The fleet anchored and the work of sweeping the sea of dangerous obstacles was completed. The transports were led in gradually. The warships lowered launches and assisted in landing troops, guardships protecting the operation. Admiral Dewa reported that his division had reached the landing place at 5 a. m., and a landing was effected. A reconnaissance was conducted, but no defenses were found. Only three guards were discovered. The flotilla engaged in sweeping the sea for dangerous obstacles encountered heavy currents, but speedily pressed the work. A portion of the squadron and the transports were led through the cleared space and marines were landed from the combined division. Later the army relieved the marines. Our sweeping division was suddenly shelled from the hills south of Korasakorsk. The army reported by wireless on July 8 that Korasakorsk had been taken. Our flags are visible at several points. We were apprehensive on account of the weather, but the work of the fleet was successfully accomplished. Admiral Nakao reconnoitered in the vicinity of the island, but nothing unusual was discovered. Early on Sunday three warships and two destroyers were dispatched to Yenguma cape. Later a destroyer entered Rolisel and was vigorously shelled by a field piece. We returned the fire and silenced the enemy's guns."

#### Who Will Settle?

Odessa, July 11.—The authorities here have been informed that the Kniaz Potemkine has sailed from Kusteni, Roumania, for Sebastopol. The question of insurance on property lost by fire in the harbor during the recent disturbances is occasioning serious disputes between the Russian and the foreign insurance companies. The foreign corporations declare that they will make claims against the Russian government. The claimants number about 400 and the total losses are now estimated at \$20,000,000.

#### Fiery News Messengers.

Sipinghai, Manchuria, July 11.—The news of the mutiny in the Black Sea reached the Russian army through the Japanese, who fired night shells charged with proclamations conveying the information into the Russian advanced posts, scattering the proclamation broadcast.

Indianapolis Making An Effort to Solve Fuel Problem.

60-CENTS A THOUSAND

Is the Figure a New Company Promises to Hand Down Gas in Competition With Old Company.

Plant of Defunct Natural Gas Company Figures in the Proposition.

Indianapolis, July 11.—Indianapolis seems to be in a fair way to get cheaper fuel gas, as a petition for a franchise to sell artificial gas for 60 cents a thousand has been filed with the board of works by George J. Marrott on behalf of the Citizens' Gas company, which he is now organizing. The city has taken an option on the plant of the Consumers Gas Trust company, which has been in litigation for some time, and which is to be sold under instructions of the federal court. The city hopes to sell the plant to the company getting the franchise and in that way secure cheaper gas than the Indianapolis Gas company is furnishing. The latter is charging 90 cents a thousand, but its franchise runs out during the next four years. Mr. Marrott declared to the board that various attorneys have assured him that the city has no right under the franchise granted the Consumers' company to acquire the plant and dispose of it, and that it would look to him as if he were buying a lawsuit if he bought the plant. He prefers a separate franchise for his company, and he promises to begin work on the plant within ninety days.

#### ERUPTION OF TRAMPS

Removal of Railway Detectives Gives Hoboes New Courage.

Wabash, Ind., July 11.—Although it has been only a week since Vice President Delano of the Wabash railroad issued his order abolishing the secret service maintained by the company, the retirement of 121 detectives is said by trainmen to have been followed by an eruption of tramps all over the eastern division. Conflicts of conductors and brakemen with hoboes who insist on riding free on freight trains, are of daily occurrence.

Edward Kennedy and Harry Hosey undertook to throw off several tramps who boarded their train near Rich Valley, this county. The tramps not only resisted, but gave the two brakemen a whipping, and then rode unmolested to the next station. A freight conductor between here and Montpelier attempted to eject six tramps from his train, when one of them sent him to the grass with a blow from a "billy" on the back of his head. When he recovered consciousness the tramps were sitting serenely on the tops of the cars. The conductor managed to get his shotgun from the caboose and charged the gang, finally putting the fellows to flight. It is thought among the trainmen that private detectives will of necessity have to be re-employed by the company.

#### Death of Prof. Moore.

Richmond, Ind., July 11.—Prof. Jos. Moore, seventy-three years old, once president of Earlham college, and connected with the institution in some capacity almost continuously for fifty-three years, is dead. Professor Moore was known as Earlham's "grand old man" and nearly every student at the college during the half century just passed was brought in direct contact with him, and he probably exerted a greater influence over the college life of all the students than any other professor who ever held a chair in Earlham.

#### Western Writers Meet.

Warsaw, Ind., July 11.—The Western Association of Writers, Charles Eugene Banks president, opened its second annual meeting at Winona Lake last evening with an informal reception. Addresses were made by President Banks and others. The session will close on Friday, when the Chicago Press Club will come in a special train to spend the day at Winona.

#### Didn't Hear Train.

Brookville, Ind., July 11.—B. D. Keller, roadmaster of the Whitewater branch of the Big Four railway, who lives in Cambridge City, was killed just west of Boundary hill near this city, by a freight train. He was going west on his tricycle and failed to notice the approaching train.

#### Tinplate Mills Get Busy.

Elwood, Ind., July 11.—A large force of men is at work at the tinplate mills making repairs and overhauling the machinery. Every available machinist has been engaged to push the work, and employees take this fact as an indication that the mills will resume at an early date.

#### Caught by Trolley Car.

Lawrenceburg, Ind., July 11.—While a Cincinnati, Lawrenceburg & Aurora electric car was running to this city it struck and killed Clarence Akers, twenty-two years old, who was walking on the track.

## COUNTY NEWS

### Knightstown.

John James, ex-sheriff of this county is in a critical condition and not expected to recover from Bright's disease.

T. M. Huston and Frank Bender, of North Jefferson street, were transacting business at the capital last week.

James Scott and family are moving to Shawnee, Oklahoma this week.

Charles Beeson, formerly of this city late of Grant City, died at the Spiceland sanitarium last week of apoplexy.

The family certainly have need of the sympathy of the community, as Mr. Beeson's mother, Mrs. Hastings, died at Grant City, and her brother-in-law, John T. Barrett, died at Greenfield, and her husband in less than a week.

All three were interred side by side at Glen Cove cemetery.

Moses Nye, a converted Jew, told of his experience as Jew and Christian Sunday morning at the Friends' church.

Mrs. Wm. B. Gilson, formerly of Rush county, is seriously ill at her home on West Main street with cancer.

Mr. and Mrs. Ed. B. Williams are the proud parents of a ten and one-half pound daughter since Friday.

All are doing well, but friends are watching Grandpa Geo. W. Williams very closely, while great-grandma Barrett is recovering rapidly from her recent illness since the event.

Through cars run from Indianapolis to Richmond.

Mrs. Carrie Nation held forth at the Alhambra Friday night. We did not learn if she had her hatchet or not.

We were favored with a fine shower at one o'clock Sunday afternoon.

The hay crop here is immense.

Our photographer, Mr. Beck, has sold out his business here and purchased an interest in the Carthage flouring mills and has removed there.

We have lost a good citizen by this removal.

Gay M. Wagoner is spending a week at Waloon Lake, Michigan.

Wm. Kerwood, of West Main street, has rented his farm of 240 acres near Wilkinson to George Williams.

The walls of Williams' new store rooms are up to the second story.

Judge Morris, of your city, was in our town last week.

In traveling over central and eastern Indiana we feel compelled to say that Rush county is the garden spot of the State.

Elnathan Newhouse is taking treatment at the Spiceland sanitarium.

Mr. and Mrs. Jerry Woods and John Sample are at the bedside of their sick brother, Dick Sample, at Fortville, Ind.

The Sunday schools of the city will have a union picnic at Spring Lake on Wednesday of next week.

Quartly meeting at the M. E. church next Sunday.

We heard a discussion recently about smelling corn grow. What about smelling hay cure? Would it not be proper to say smell the growing corn.

## HAY FEVER ABOLISHED

### Medical Science Discovers a Cure for this Malady by Breathing Hyomei.

Among the important additions made to medical science in recent years, none is more notable than the positive announcement of a cure for hay fever. Exhaustive experiments with Hyomei prove that this treatment will prevent the attacks of hay fever if used for two or three weeks before the annual appearance of the disease, and it may be relied upon, if used faithfully after the sneezing and other annoying symptoms have appeared, to relieve at once and afford a permanent cure.

Stomach dosing cannot cure hay fever. A change of climate is the only treatment that gives any relief, and Hyomei, which medicates the air you breathe, acts upon this principle, giving in your own home a climate as healthy as that of the White Mountains or other health resorts.

The complete Hyomei outfit costs but \$1, extra bottles, 50 cents. F. B. Johnson & Co. have seen the good effects following the use of Hyomei in so many cases of hay fever that they are willing to sell the treatment with the understanding that if it does not give satisfaction, the money will be refunded to you.

## THE GREAT INDIAN REMEDY

For Blood, Stomach, Liver and Kidney Disorders. Purely Vegetable. 50 Cents a Bottle.

ON SALE AT

**PEOPLES DRUG STORE,**  
Ashworth & Stewart. Second and Main.

## FOR GOOD FLOUR

To run you until harvest you had better get "INDIANA PRIDE" or "PURITY". We are in a position to furnish farmers with flour and take wheat or same at harvest. Also have arrangements so that the farmers who have wheat in the mill for flour can get flour down town and will not have to drive to the mill. Remember, we give best grade flour in exchange for wheat. We ask a trial from all.

Yours,

**The Rush County Mills**

Newspaper English is again commanding a good deal of attention. There are certain novelists and certain college professors and certain others who think that what is called newspaper English might be greatly improved. This is true. There are various phases of this subject, of course, that might be considered, but perhaps the principal difference between the language of newspaper writers and these critics is that the newspaper man has something to say and says it, while many another feels called upon to say something and must fill the pages with words, whatever the substance or the lack of substance in the production. The members of the one class give he matter the most consideration, while many of the other class seem to think of little or nothing but the attire.
